

EDUCATION CONCLAVE 2009

Your education decides what you are worth

Over last 10 years India has been booming with multiple educational openings and organizations. But not a lot of people are aware of the presence of the varied vocational courses. Manpowerindia.com wanted to organize an **Education Conclave** to bring together different institutes and students from various verticals under one roof. With this intention they approached Relio Quick to organize this event. The event was organized at **Hotel Mount View, Chandigarh on 9th - 10th May, 2009**. Education Conclave created a platform to introduce and showcase the strengths of educational institutes to the growing market of aspiring students.

Relio Quick handled the entire event in an innovative way with pre-event press coverage through PR agency, Stall displays, attractive Outdoor Publicity, and aggressive promotional campaign through radio and print with media partner Dainik Bhaskar.
